10	S062/05	<i>D speciosum var speciosum</i> 'Mangrove Mtn Gold'	SOLD	\$80.00
11		Medium-sized canes with golden flowers collected many many years ago in the Mangrove Mountain area. An unusual looking plant for this variety. Used extensively in early <i>Den speciosum</i> breeding.		
12	S189/07	<i>D speciosum var speciosum</i> 'Grotto'	1	\$145.00
13		Medium sized canes with good cream sprays. Collected many years ago from the Nowra district of NSW. One of the better wild collections.		
14	S170/07	<i>D speciosum var (grandiflorum</i> 'Mt Larcom Gold' x <i>speciosum</i> 'Windermere') 'Steve's Gold'	SOLD	\$195.00
15		Very robust grower producing long sprays of bench quality gold flowers. PICTURE OF FLOWERS AVAILABLE		
16	S061/05	<i>D speciosum var speciosum</i> 'Charlie'	SOLD	\$195.00
17		'Charlie' was awarded an AM in the 1990's and still has the reputation of still being one of the best variety <i>speciosum</i> being benched. An oldie but a goodie!! PICTURE OF FLOWERS AVAILABLE		
18	S060/05	<i>D speciosum var speciosum</i> 'Bevan' (established divisions)	SOLD	\$125.00 \$50.00
19		'Bevan' is a selfing of 'Dorothy' and produces all the good aspects of a good <i>Den speciosum</i> and has been used extensively in the Cedarvale breeding program. PICTURE OF FLOWERS AVAILABLE		
20	S088/05	<i>D speciosum var capricornicum</i> (Blackdown Tableland)	SOLD	\$80.00
21		A typical example of the yellow-flowered form from this region. If you follow the writings of Peter Adams and his 9 varieties of <i>speciosum</i> then this belongs to <i>var blackdownense</i> .		
22	S201/08	<i>D speciosum var curvicaule</i> 'Palmerston' x self	SOLD	\$145.00
23		These seedlings are producing some of the largest-caned <i>var curvicaule</i> I have ever seen and consequently produce very large well presented flowers with that very good show bench potential. As a seedling this plant was placed third in the open Class of a ANOS (Qld) Kabi Group Spring Show. PICTURE OF FLOWERS AVAILABLE		

	A	B	C	D
24	S067/05	<i>Den speciosum var capricornicum</i> 'Carnarvon B'	SOLD	\$95.00
25		Huge robust squat plant from Carnarvon Gorge with cream flowers - beetroot red pigmentation in new growths - becomes very large plant, nothing like the coastal form. PICTURE OF FLOWERS AVAILABLE		
26	S195/08	<i>D speciosum var grandiflorum</i> 'Jelita'	SOLD	\$395.00
27		A variety grandiflorum bred by Ted Gregory and named by Bevan Burnham both of whom consider this to be one of the best <i>var grandiflorum</i> available - and I agree! PICTURE OF FLOWERS AVAILABLE		
28	S046/05	<i>D speciosum var capricornicum</i> 'Black Gold'	SOLD	\$145.00
29		Medium sized canes producing short spikes of brilliant gold flowers. Typical of this variety with new growths that are all over beetroot red. If you follow the writings of Peter Adams and his 9 varieties of <i>speciosum</i> then this belongs to <i>var blackdownense</i> . PICTURE OF FLOWERS AVAILABLE		
30	S191/07	<i>D speciosum var capricornicum</i> (Blackdown Tableland)	1	\$80.00
31		Similar to S088/05.		
32	S175/07	<i>D speciosum var grandiflorum</i> 'Kroombit Gold' x 'Mt Larcom Gold'	SOLD	\$145.00
33		Similar to S251/09.		
34	S213/08	<i>D speciosum var (speciosum 'Goldilocks' x curvicaule 'Daylight Moon')</i>	SOLD	\$195.00
35		'Goldilocks' is a selfing of 'Windermere' and 'Daylight Moon' is the most awarded <i>Den speciosum</i> in Australia - crossing these two has resulted in some exceptional bench quality plants. PICTURE OF FLOWERS AVAILABLE		
36	S080/05	<i>D speciosum var curvicaule</i> 'Ex Coles #2'	2	\$90.00
37		Medium canes presenting medium spikes of white broad segmented flowers with a prominently marked lip. If you follow the writings of Peter Adams and his 9 varieties of <i>speciosum</i> then this is the short form of <i>var boreale</i> . PICTURE OF FLOWERS AVAILABLE		
38	S077/05	<i>D speciosum var curvicaule</i> 'Mt Fraser'	SOLD	\$110.00
39		A very good form of this variety, good flower count of white/cream, bench quality, chunky flowers. If you follow the writings of Peter Adams and his 9 varieties of <i>speciosum</i> then this is the short form of <i>var boreale</i> . PICTURE OF FLOWERS AVAILABLE		
40	S258/09	<i>D speciosum var (speciosum 'Goldilocks' x curvicaule 'Daylight Moon')</i>	2	\$295.00

	A	B	C	D
41		'Goldilocks' is a selfing of 'Windermere' and 'Daylight Moon' is the most awarded <i>Den speciosum</i> in Australia - crossing these two has resulted in some exceptional bench quality plants. PICTURE OF FLOWERS AVAILABLE		
42	S214/08	<i>D speciosum var curvicaule</i> 'Bee Creek' x 'Daylight Moon'	SOLD	\$245.00
43		This cross has produced a number of awarded plants and this clone shows similar potential. PICTURE OF FLOWERS AVAILABLE		
44	S131/06	<i>D speciosum var speciosum</i> 'Alabaster'	SOLD	\$195.00
45		An exceptionally good type form with crystalline white flowers beautifully spaced and presented on medium to long sprays. A class winner at shows and used in our breeding program. PICTURE OF FLOWERS AVAILABLE		
46	No Ref. Number	<i>D speciosum var hillii</i>	SOLD	\$80.00
47		A typical good quality <i>var hillii</i> displaying all the traits of large flower counts, multiple long sprays on long canes. May not win too many shows but as a specimen they are second to none.		
48	S117/06	<i>D speciosum var (pedunculatum</i> 'Herberton' x <i>speciosum</i> 'Windermere')	1	\$195.00
49		Very robust plant resulting from this cross produces long sprays of wide segmented flowers and beautiful presentation. Extremely good bench quality potential.		
50	S251/09	<i>D speciosum var grandiflorum</i> 'Mt Larcom Gold' x 'Kroombit Gold'	SOLD	\$295.00
51		Similar breeding to 'Jelita' but from a later crossing. Strong growing plant producing large canes carrying long sprays of brilliant gold flowers. Similar in quality to 'Jelita'. PICTURE OF FLOWERS AVAILABLE		
52	S168/07	<i>D speciosum var pedunculatum</i> 'K Hatcher' x self	SOLD	\$145.00
53		We have an issue with <i>var pedunculatum</i> in that with constant good culture the plants all seem to increase in strength and size such that most people do not believe they are <i>var pedunculatum</i> . This is the case with this clone which produces very long sprays of typical <i>var pedunculatum</i> chunky flowers. PICTURE OF FLOWERS AVAILABLE		
54	S120/06	<i>D speciosum var pedunculatum</i>	3	\$95.00
55		Similar in growth habit to S168/07 but producing upright spikes of cream chunky flowers. A good form of this variety.		
56	No Ref. Number	<i>D speciosum var pedunculatum</i> 'Atherton'	SOLD	\$195.00

	A	B	C	D
57		Recognised as one of the better forms of this variety producing medium-sized sprays of large segmented extremely well presented flowers. Used universally by speciosum breeders.		
58	S194/08	<i>D speciosum var pedunculatum</i>	SOLD	\$95.00
59		Similar to S120/06.		
60	S081/05	<i>D speciosum var pedunculatum</i> 'Mt Fraser'	SOLD	\$95.00
61		A very good form of this variety good flower count of white/cream chunky flowers. Similar to S168/07 with increased growth habit. PICTURE OF FLOWERS AVAILABLE		
62	S250/09	<i>D speciosum var curvicaule</i> 'Kabi 2010'	SOLD	\$395.00
63		An exceptionally good form of <i>var curvicaule</i> bred with 'Daylight Moon' and 'Jacqueline', champion species of Kabi Show 2010. PICTURE OF FLOWERS AVAILABLE		
64	S116/06	<i>D speciosum var (speciosum 'National White x curvicaule 'Neil's Pick')</i>	2	\$195.00
65		This plant displays the best qualities of both varieties producing long sprays of heavy textured bench quality flowers off-white in colour. PICTURE OF FLOWERS AVAILABLE		
66	S203/08	<i>D speciosum var (speciosum 'Windermere' x curvicaule 'Daylight Moon')</i>	1	\$245.00
67		Quality bench flowers which display the best attributes of the well-known parent plants. PICTURE OF FLOWERS AVAILABLE		
68	S244/09	<i>D speciosum var curvicaule</i> 'Palmerston' x self	SOLD	\$195.00
69		These seedlings are producing some of the largest-caned <i>var curvicaule</i> I have ever seen and consequently produce very large well presented flowers with that very good show bench potential. PICTURE OF FLOWERS AVAILABLE		
70	S269/09	<i>D speciosum var curvicaule</i> 'Blake' x 'Misty Mtn'	1	\$295.00
71		This plant produces top quality show bench flowers with exceptionally heavy textured segments. Similar in colour and presentation to the best of the <i>var curvicaule</i> . PICTURE OF FLOWERS AVAILABLE		
72	S260/09	<i>D speciosum var curvicaule</i> 'Cathu' x self	SOLD	\$145.00
73		Bred initially by Ted Gregory this is a different line of breeding to most of the <i>var curvicaule</i> around today. A massive plant producing long sprays of very large heavy segmented flowers. PICTURE OF FLOWERS AVAILABLE		

	A	B	C	D
74	S270/09	<i>D speciosum var curvicaule</i>	1	\$145.00
75		A stocky robust form of var curvicaule producing similar flowers to S260/09. PICTURE OF FLOWERS AVAILABLE		
76	S240/09	<i>D speciosum var curvicaule</i> 'Palmerston' x self	2	\$245.00
77		These seedlings are producing some of the largest-caned var curvicaule I have ever seen and consequently produce very large well presented flowers with that very good show bench potential. As a seedling this plant was placed third in the open Class of a ANOS (Qld) Kabi Group Spring Show. PICTURE OF FLOWERS AVAILABLE		
78	S118/06	<i>D speciosum var (speciosum 'National White' x curvicaule 'Neil's Pick')</i>	SOLD	\$195.00
79		Almost identical to S116/06. PICTURE OF FLOWERS AVAILABLE		
80	S123/06	<i>D speciosum var capricornicum</i> 'Buttercup' x 'Inca Gold'	SOLD	\$145.00
81		A typical var capricornicum from the Blackdown Tableland producing brilliant gold flowers. If you follow the writings of Peter Adams and his 9 varieties of speciosum then this is the short form of <i>var blackdownense</i> .		
82	S124/06	<i>D speciosum var capricornicum</i> 'Buttercup' x 'Inca Gold'	SOLD	\$145.00
83		Almost identical to S123/06.		
84	No Ref. Number	<i>D speciosum var (speciosum 'Windermere' x curvicaule 'Bob')</i>	SOLD	\$145.00
85		Similar to S203/08. PICTURE OF FLOWERS AVAILABLE		
86	S274/09	<i>D speciosum var (speciosum 'Bevan' x grandiflorum 'Michelle')</i>	SOLD	\$95.00
87		A large plant in the var grandiflorum style producing long var grandiflorum like spikes of large ivory flowers - definite bench quality. PICTURE OF FLOWERS AVAILABLE		
88	No. Ref. Number	<i>D speciosum var curvicaule</i> 'Jacqueline'	SOLD	\$395.00
89		Well known for its flower quality similar to that of 'Daylight Moon' used extensively in breeding producing a number of championship plants across the country.		
90	S218/08	<i>D speciosum var curvicaule</i> 'Winsome' x 'Misty Mtn'	3	\$245.00
91		Similar to S269/09 except that the plant itself is much taller. Produces long sprays of very large heavily textured pale yellow flowers. PICTURE OF FLOWERS AVAILABLE		

	A	B	C	D
92	No Ref. Number	<i>D speciosum var speciosum</i> 'Wattagan White'	SOLD	\$195.00
93		One of the best whites to come out of the Wattagans - well-presented medium sized crystal-white flowers from short robust canes. PICTURE OF FLOWERS AVAILABLE		
94	No Ref. Number	<i>D speciosum var grandiflorum</i>	SOLD	\$95.00
95		This is a typical good <i>var grandiflorum</i> - large yellow flowers on long spikes from very tall grand canes. Will grow into a startling specimen plant.		
96	Note 1	All divisions will have a minimum of 5-6 canes and will include forward canes and will be sent bare root.		
97	Note 2	All orders will be taken on a first come basis (either by email, facsimile or in writing)		
98	Note 3	Freight/packaging/handling will incur an extra cost depending upon size/weight of package.		
99	Note 4	Western Australian customers should be aware that special phytosanitary requirements apply to plants entering the State and should contact us regarding details of additional costs.		
100	Note 5	This divisions listing and pricing applies to <u>Australian</u> customers only - overseas customers should contact us for further details and costs.
